Terms: \$1.00 Per Year in Advance.

BARBOURVILLE, KENTUCKY, FRIDAY, JULY 15, 1910

Seventh Year. Vol. 7. No. 22

KNOX COUNTY TEACHERS

In Annual Session at Union College for Insti- tute Instruction

Prof. T. J. Coates, of Rich-
mond, Instructor, Togeth-
er With Supt. Evans,
Have Made Week
Interesting.

The annual Teachers Institute convened last Monday morning in the chapel of Union College for a week's work. The devotional exercises were led by Rev. Charles P. Estes of the Baptist Church after which the organization of the Institute was perfected and Miss Amanda Lambdin elected Secretary, after which the regular work of the session was taken up.

At 8:00 p.m. the teachers were given a reception at Brown Hall, where refreshments were served and all were given a royal reception.

Tuesday morning the devotional exercises were led by Dr. Hitchcock after which the regular work was again taken up.

In the evening at 8:00 o'clock Prof. Coates delivered a lecture at the Chapel of Union College to the teachers and citizens of the town who were present upon the "Ideals of Education" which was a gem and should have been heard by every citizen of our entire city and those who missed it missed a rare treat.

Wednesday morning the devotional services were led by Dr. T. B. Stratton and again the Institute work was taken up for the day, and at night an illustrated lecture on Sanitation and health was delivered by Prof. James P. Faulkner to the teachers and citizens who were present.

On Wednesday afternoon the Institute work was arranged as a special feature for school trustees.

Thursday morning devotional exercises led by Rev. R. L. Brown and the regular work again taken up and at 8:00 o'clock p.m. an address by Dr. Porter, of Lexington, Subject: "Mothers, Wives and Sweethearts."

Friday morning devotional exercises will be led by Rev. I. E. Reid and the last day of the Institute work will be begun.

This week has indeed been a very profitable one to the teachers of Knox county and those who have received the greatest benefit from the weeks work are the ones who have given the closest attention to the work.

Resolution of Respect.

Whereas it has pleased our Heavenly Father to remove from our membership here below, to the Heavenly Lodge above, our beloved sister Louisa Blanton, be it Resolved that in her death our Lodge has lost a faithful member, her family a kind and loving mother and the community a good neighbor.

Be it Resolved that we the members of Esterella Rebekah Lodge No. 83, I. O. O. F. do hereby extend to the family of deceased sister our sincere and heartfelt sympathy in their sad misfortune.

Done by order of the Lodge.

J. W. Gilbert,
P. F. Sasser,
Lizzie Gilbert,
Committee.

UNION COLLEGE, Barbourville, Kentucky.

The above picture is a miniature representation of some of the buildings and grounds of Union College. The College is co-educational. It is prepared to afford and will afford equal advantages to young men and young women. It has SEPARATE college homes for them. Members of the Faculty will live in these Homes in close touch with the students, and thus be present and always ready and willing to give to the student any needed aid and attention. The Young Ladies' College Home will be occupied by the female members of the Faculty with the young lady students, while some of the male members of the Faculty will live in the Young Men's College Home with the young men students. The sanitary condition of the college is first class. To secure that condition, a well arranged private sewerage system, leading to the river, has been constructed and is in operation. The College has likewise its private water system with deep water wells as water supply, college water plant, central heating and electric light plants with scientific advantages in toilets and baths. A Faculty not out-classed anywhere in earnest, constant, conscientious devotion to duty and the welfare of the student has been selected for the coming school year. And no effort will be omitted to make the year a highly profitable one to the student. The effort of the institution will be directed towards establishing in the life of the student, the Christian tone and habits of industry and economy. In the matter of expense to the student, embracing tuition, board, &c., Union College offers advantages which cannot suffer in any comparison with any other institution in the land. The coming school year will begin September 6th, 1910. For further particulars address

James D. Black, President, Barbourville, Kentucky.

POWERS AT PHILIPPI

Makes Powerful Speech and Given Great Ovation.

Sulphurlick, Ky.—Hon. Caleb Powers filled his appointment at Philippi Saturday morning at 10 a. m. He was met by a large and enthusiastic crowd and given a great ovation. He spoke in the Philippi church and the large building was packed with people as never before. He made a powerful speech in vindication of himself and when he spoke of the great wrong done him while attempting to vindicate himself and the Republican party tears ran down the cheeks of many of his audience. If there was an Edwards man present, he was ashamed to let himself be known. There were a few Edwards democrats present who seem to be sore because Mr. Edwards had failed in his scheme to let them into the primary. After Mr. Powers address, a Powers Club was organized with more than 100 members. This section of the county will give him almost a unanimous vote.—Tompkinsville, News.

Powers in Adair

Columbia, Ky., July 10, 1910. The Mountain Advocate.

Hon. Caleb Powers finished his list of appointments for Adair county last night at Knifery. No such crowds have ever greeted a candidate for office in this county, and the county is almost unanimously for him. At McGaha, where he spoke to a crowd of over 400 people, a test vote was taken which showed them to be unanimously for Powers. It was learned that there were two Edwards men in the audience, but on a vote they failed to show up. Powers friends expect him to get from 1400 to 1600 majority in Adair.

L. B. Hunt.

WANTED—Address and information of George Calvin Oaks, age 36 years, white; was employed as a coal miner near Artemus, Ky. Send information to A. R. Wallace, Secty. Barbourville, Ky.

The Dairy Industry of the United States.

According to the last year book of the Department of Agriculture, there are 21,720,000 milch cows in the United States, and these are worth \$702,945,000 00. The magnitude of the industry can perhaps be best understood when it is considered that these cows produce yearly about \$1,000,000,000 00. worth of products.

There is no other branch of diversified agriculture so important to the progress of a community. The fertility of the soil can best be maintained by the liberal use of barnyard manure and the dairy herd not only makes this possible, but dairying is also more remunerative than other branches of farming when properly carried on.

Dairying has made wonderful progress since the advent of the modern creamery and consumer of butter has not only been benefitted by being furnished a more wholesome and palatable article of food, but the wife in the farm home has been relieved of the drudgery incident to making butter on the farm. Where formerly the cream was ripened and churned into butter under conditions not conducive to fine quality in the finished product and in the majority of cases by unskilled hands, now the most of the milk or cream is delivered to a modern creamery where conditions are suited to the purpose of making butter, and the result has been a wonderful improvement in the quality of our dairy products. As the quality has improved consumption has increased and the progress of dairying has been remarkable during the past decade.

The perpetuity of the country's greatness depends upon increasing the production of farm products from year to year, a result which not only furnishes our people with food but maintains the prosperity of our farming communities. Increase in production can only come through improved methods of agriculture and soil improvement. When it is considered that the dairy cow is the foundation for soil improvement and farming prosperity, her importance is best understood, and interest in her should not be confined to her owner. She is an important factor in the development and prosperity of our country.

State News Pick-ups.

MOONSHINER

Arrested in Owsley County by Deputy Marshal Mays and Capt. Short.

Richmond, Ky., July 11.—Deputy U. S. Marshal, Wm. Mays and Capt. W. T. Short returned here today from a moonshine raid in Owsley county, where they destroyed several hundred gallons of beer and arrested George Pearson an operator.

Simpsonville Youth Believed to Have Expired From Heat Stroke.

Shelbyville.—The 12 year-old son of prof. J. H. Moore was found dead near the railroad track at Simpsonville. He had been sent to the drug store for some medicine and it is thought he must have been overcome with heat, as there is no marks on him to indicate that he had been struck by a train or met with any accident.

ELECTRIC LINE

Engineers at Work on Road From Newport to Lexington.

Cynthiana.—A corps of fourteen engineers and assistants have begun the work of surveying the route for the Newport and Lexington traction line, from this city towards Newport in Campbell county. The route has already been surveyed from here to Paris and is announced authoritatively that work will begin on the road in a very short time.

Disastrous Fire.

Mt. Vernon.—Fire, which caused a loss of \$35,000, occurred here yesterday morning in the business section of town.

The store burned were those of U. G. Baker, F. Kreuger & Son, and S. W. Davis. Some of the goods from Baker's and Davis' store were saved, but Kreuger's was a total loss. The fire is supposed to have been started by burglars who first robbed the Kreuger establishment.

Kreuger's loss was estimated at \$17,000, with \$12,500 insurance; Baker's loss \$15,000, with \$10,500, insurance; and Davis' loss is estimated at \$3,000, with \$1,500 insurance.

Asks Aid For Flood Sufferers.

Frankfort.—Gov. Willson has issued a proclamation to the people of Kentucky calling upon them to contribute liberally to the people of Magoffin county, who live in the flooded district, and who lost all their belongings during the recent flood in the Licking river valley. The proclamation says that 480 families are homeless and penniless. E. L. Stephens, a banker of Salyersville, is designated by Gov. Willson as the collector of the relief fund.

Killed Wife While Cleaning His Pistol.

Pineville.—Yesterday afternoon Dove McGeorge who lived several miles up the Cumberland river in this county, shot and instantly killed his wife. There were no witnesses to the tragedy, but McGeorge told some neighbors that he was cleaning his revolver when it accidentally discharged.

Electrocuted

Matt White was electrocuted at North Jellico Mines at Bertha, Ky., last Saturday night about 9:15 o'clock in a very peculiar manner.

The accident as we gather it was in the following manner:

Mr. White and his family lived at Wilton and had gone to Bertha on one of the mine trolley cars with his family intending to attend the Odd Fellows Memorial Service there on Sunday.

Arriving at the opening of the mines at Bertha he stopped the motor and left his family to wait until he placed the motor in the place provided for it inside the mines.

When he arrived at the motor house switch where he was to leave the motor he started to change his trolley pole but in doing so it is supposed that his foot slipped, his body came in contact with the powerful wire which struck him on the neck killing him instantly. When found his head was hanging over the main trolley wire and a large place burned in his neck, with blisters all over his body.

He leaves a wife and four children to mourn the loss.

The remains were interred in Mt. Olive Cemetery on Sunday afternoon.
